PASSIONS

- Good design
- Online tutorials
- Artificial intelligence
- Video production

MOST PROUD OF

- Founding Awesome Cars

a well known internationally Counter-Strike 1.6 server, leader in so-called "Vehicle War" mode of the game with more than 20 000 players worldwide.
- Quitting my job to pursue my passion

It wasn't an easy decision, but once the results were not satisfying, without hesitation I prioritized software development.
